

The 6' Seat Inground Bench is perfect for your high-traffic playground!

We know a trip to the playground is much more enjoyable when there is a place to sit and relax. With the low maintenance 6' Seat Inground Bench, parents have a comfortable seat as their children play. The heavy-duty 2 3/8" tubular steel frame design features rounded edges that make it ideal for areas with young children and no back so people can sit facing either side.

#### FEATURES AND BENEFITS

- A place to socialize or enjoy the outdoors
- Backless design offers more room for people's belongings and allow families to sit closely
- Improves visitor experience, which makes people want to return again and again
- Drainage holes to prevent water accumulation
